

QUALITY AND ENVIRONMENTAL POLICY

Our vision - accessible medicines for a healthier society.

Our mission - to supply medicines to patients in the Baltic States by offering the lowest prices on the market.

Values:

- Initiative;
- Cooperation;
- Responsibility;
- Competence.

UAB "Lex ano" has been engaged in wholesale distribution market for more than 17 years. In cooperation with more than 1000 suppliers – manufacturers and wholesale distributors around the world, we can offer an extremely wide range of medicines, including those for treating rare diseases. The company's activities are based on one of the most essential principles of the European Union: free movement of goods within the EU; therefore, we can offer the most popular products of known pharmaceutical companies to patients in the Baltic States at lower prices.

As a leader in the parallel import market of medicines in Lithuania, we continue our mission **to create a healthier society by offering the lowest prices of medicines on the Baltic market** since the company has been founded.

In order to ensure the quality of the processes, UAB "Lex ano" has developed and implemented an Integrated Management System based on the requirements of LST EN ISO 9001:2015, LST EN ISO 14001:2015 and the Guidelines of 5 November 2013 on Good Distribution Practice of medicinal products for human use (2013/C 343/01) and assumes the following commitments:

- Ensure the supply of reliable and high-quality products to the market, efficiently using natural resources and trying to reduce the environmental impact;
- Improve the efficiency of the Integrated Management System by increasing Customer satisfaction and environmental performance. Carry out activities ensuring compliance with the requirements of Guidelines 2013/C 343/01, LST EN ISO 9001:2015, LST EN ISO 14001:2015, legal acts and other applicable requirements as well as assumed obligations;
- Increase the competence of employees, develop environmental responsibility and understanding of own contribution to the effectiveness of the Integrated Management System;
- Maintain the long-term partnership with the existing medicine suppliers and Customers, while looking for new cooperation opportunities with licensed pharmaceutical companies around the world in order to offer solutions to different Customer needs.

Top Management is committed to maintaining and improving the Integrated Management System, fulfilling the Quality and Environmental Policy, by encouraging the involvement of the entire team and providing the necessary resources thereto.
